## 2016 BRED HEIFERS, All Home Raised in our closed herd

These Home Raised Heifers are bred to calving ease Angus Bulls.

Average EPD's on the sire battery used to breed this year's heifers:

***CED +8.4, BW 1.1, WW 50.6, YW 91.4, Milk 25.6, \$W 55.52, \$B 116.15***

***Herd Health:*** Our cow herd and these heifers have been a part of a lifetime of Zoetis protocols, starting on the WeanVAC program and continuing by following the Heifer VAC specifications. All Heifers were tissue sample tested Negative for Persistently Infected BVD.

### ***Genetic Herd History:***

Herd genetically evaluated using GeneMax Advantage DNA testing for the last four years and Reputation Feeder Cattle Genetic Merit Scorecard. Steer Mates to these heifers have performed well in Corn Belt and Panhandle feedyards.

***Pregnancy Guarantee:*** Heifers are guaranteed to be pregnant as of day of sale. They have been confirmed pregnant by a qualified veterinarian. Purchasers will have 30 days from the date of sale to observe for signs of nonpregnancy and report any open females to Collins Farms. If a qualified veterinarian determines that a heifer that was sold as pregnant is in fact open, then the purchaser will be eligible for a 25 percent refund of the purchase price. Collins Farms reserves the right to retest any heifer in question for pregnancy.

***AUCTION Terms:*** Cattle will be available for viewing before the sale. At Noon the cattle will be auctioned in sale order. Each lot will be offered at base price (base price set by each group). If more than one person is interested in the lot the high bidder can make a choice from the lot or the entire lot (2 or 3 head). If high bidder selects a portion of the group, then the bidding will be opened back up for the remaining cattle in the lot (1 or 2 head). Auctioneer has the right to settle any dispute. There will be bidding in person, by conference line and some producers have left orders and sale management will be bidding on their behalf.
